Holiday Inn Hotel, Braintree

Horizon Construction is delighted to present this project for Holiday Inn Hotel at Braintree, Essex. This was a joint venture contract with Tamdown to construct a timber frame, 77 bedroom hotel for the operator and developer. It was a design and build project with a 40-week construction schedule and with very critical non-completion damages. All construction works were completed on time and the hotel opened in time for Christmas trade.

-  Location: Braintree, Essex
-  Client: Holiday Inn / Private land developer
-  Architect: Client internal team
-  Project Manager: Client internal team
-  Project Value: £3.5m
