

Matthew Bynoe

Construction Director

Matt is responsible for the delivery of all construction projects at Horizon Construction. He has a creative attitude to his daily role and leads a culture of always finding a solution to any problems. Matt ensures the company standards and values are maintained and the customer experience is delivered by the construction team. He is highly respected by peers and a strategic member of the board of directors.

Matt was Horizon Construction's first construction employee and quickly gained experience and qualifications in a variety of roles. After 7 years, he decided to move to a larger construction company to gain additional experience and progressed to Project Manager, but he brought those skills back to Horizon Construction in 2014 where he was appointed as Construction Director. Matt has been paramount in improving the company's systems and procedures and has built a very well respected and skilled contracts team under his supervision.

Matt has an NVQ Level 6 in Construction Management and has achieved Chartered status at the Chartered Institute of Building (MCIQB).

Away from the construction industry, Matt likes to relax by walking, enjoying his dogs, and spending time with his family and friends.

“Matt ensures the company standards and values are maintained and the customer experience is delivered by the construction team.”
