

AUTOMOTIVE

BMW Dealership, Hindhead

The construction of a bespoke BMW and MINI Sales and Aftersales Dealership in Hindhead, Surrey, for Group 1 Automotive.

This project involved constructing a facility that fulfilled the detailed specifications and requirements of the BMW and MINI automotive brands. Located on the south-bound side of the A3, the structure includes a basement, two levels and a roof-top parking/sales area. The original site, which included “The Spinnaker” public house, the once home of the rock band Fleetwood Mac, had to be cleared and demolished.

We are proud to include this project within our extensive portfolio of automotive construction projects and further demonstrates our expertise in this sector.

-  Location: Hindhead, Surrey
-  Client: Group 1 Automotive
-  Architect: Taylor Design
-  Project Manager: Bruce Shaw
-  Project Value: £7.2m
